Top Skills

AI Interpretability
Representation Learning
Computed Tomography

Languages

French (Professional Working)
Irish (Elementary)
English (Native or Bilingual)
Chinese (Native or Bilingual)

Honors-Awards

1st Place Junior Category
Joint 1st place intermediate category
IOI Selection Team
Achievement award
IrMO Finalist

Publications

Improved Multimodal Diagnosis of Alzheimer's Disease through MRI and PET Image Fusion
Multimodal Representation Learning using Adaptive Graph Construction
Multimodal Representation Learning using Adaptive Graph Construction
Spurious Correlation Mitigation in CXR Images via Reinforcement learning and Self-Supervision
Vision CNNs trained to estimate spatial latents learned similar ventral-stream-aligned representations

Weichen Huang

Computer Science @ Georgia Tech | RSI '24
United States

Summary

Problem solver, competitive programmer, AI engineer.

Experience

University College Dublin

Research Intern

February 2023 - July 2025 (2 years 6 months)

Dublin, County Dublin, Ireland

Research internship at UCD Machine Learning for Medical Imaging Lab under Prof. Kathleen Curran.

<https://www.ucd-ml-mi.com/news>

Research Science Institute (RSI)

RSI'24 Researcher (Rickoid)

June 2024 - May 2025 (1 year)

Boston, Massachusetts, United States

Education

Georgia Institute of Technology

Bachelor of Science - BS, Computer Science · (August 2025 - June 2029)

St Andrew's College, Dublin

Student · (September 2019 - July 2025)

University of Cambridge

Cambridge Centre for AI in Medicine Summer School , Biomedical/Medical Engineering and AI · (September 2023 - September 2023)

University College Dublin

UCD Medical Imaging Summer School, Medical imaging and AI · (June 2023 - August 2023)

Massachusetts Institute of Technology
